Release Notes for ExtraView 20.1.3

Jun 16, 2021

ExtraView *Support Site*

Feature Enhancements

Module: Attachments		
Issue #	Title	Release Note
394626	Passing selected attachments from a parent to a child issue when adding a child from a Related Issue Display	This new option allows the administrator to set an option so that selected attachments will be passed and copied from a parent issue into a child issue at the time a child issue is created from a related issue display. It is set on the BUTTON ACTION screen that defines what actions take place when the child issue is added to the parent

Fixed Bugs

Module: Database			
Issue #	Found in Release	Title	Release Note
396063	21.0	scripts failed when run at customer site	An update script failed in the 21.0 update process on some Oracle databases - this was dependent upon the Oracle version. The script had perfectly valid syntax, but was rewritten to bypass the problem.
